

Precision Digital Workshop Calipers

DIGI PLUS-LINE® Electr. Digital Workshop Caliper • IP66 workshop grade

NEW

• water and coolant proof acc. to DIN 40050 / IEC 60529

- stainless steel, hardened
- large LCD display with clear reading, digit height 11 mm
- jaws finely ground and lapped
- offset jaws for inside measurements
- On/Off button, automatic shutdown, mm/inch switchable
- zero setting at any position, with REL-, ABS- and PRESET-mode
- function buttons made of metal
- with fine adjustment, with or without knife points
- incl. 1x 3 V battery (type CR2032, art.-no.: 20 02093)
- with operation manual
- incl. calibration certificate

DIGI PLUS-LINE® Electr. Digital Workshop Caliper • IP54 workshop grade

• spray water resistant measurement system acc. to DIN 40050 / IEC 60529 • ultra-light model with components made of carbon, with Sylvac electronic

- steel elements and slide rail in stainless steel, hardened
- large LCD display with clear reading, digit height 9 mm
- measuring surfaces titanium coated, finely ground
- exchangeable measuring surfaces, in two different versions
option: type A or B
- On/Off button, mm/inch switchable
- zero setting at any position, with REF-I, TOL- and PRESET-mode
- with fine adjustment, with fixing screw
- incl. 1x 3 V battery (type CR2032, art.-no.: 20 02093)
- with operation manual
- incl. calibration certificate
